quality electric fires built in britain
e-series

The **e-series** is our modern day range of built in electric fires, powered by the very latest LED lighting technology.

The simplicity of the **e-series** enables absolute freedom to create and design individual feature fireplaces, as it is electrical there are no limitations to where a **e-series** product can be installed.

With a choice of effect sizes, from 600mm to 1500mm as well as two or three sided glass models the **e-series** offers greater scope and choice to any installation.

All models come as standard with dimmable remote control, hand painted ceramic logs with the added realism of vermiculite and embers, finished with the over bed illumination system that is **evoflame®**

The **evoflame®** effect gives the impression of a deep and rich flame picture with a hot ash effect fuel bed via its unique reflectivity. The flame picture which is produced using LED's can provide up to 50,000 hours of running time. It is fully adjustable through the high and low settings when using the optional remote control.

technology

e1030gf3

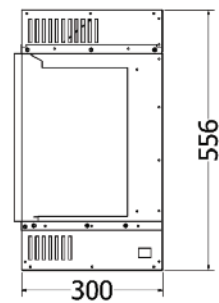

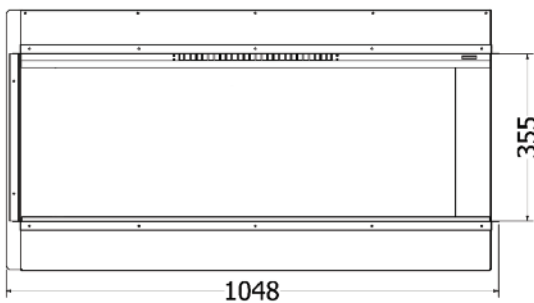

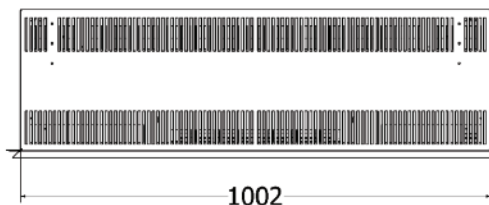

e|030gf3

- 1000mm **evo|flame®** effect
- 1 & 2kW heat outputs
- remote control with dimmer function
- feature three sided glass panels

eI030gf2

- 1000mm **evoflame®** effect
- 1 & 2kW heat outputs
- remote control with dimmer function
- continental ceramic log set
- feature two sided glass panels

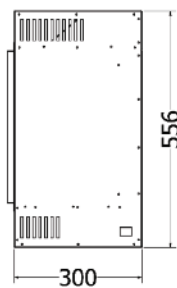

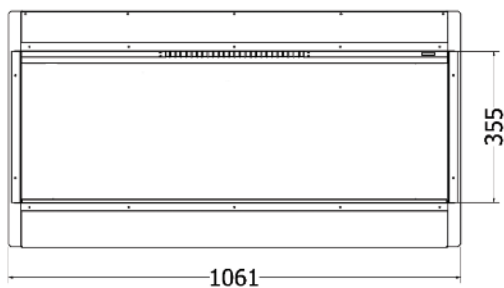

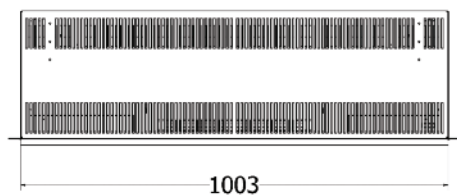

e|030gf

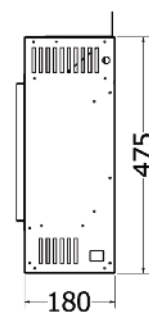

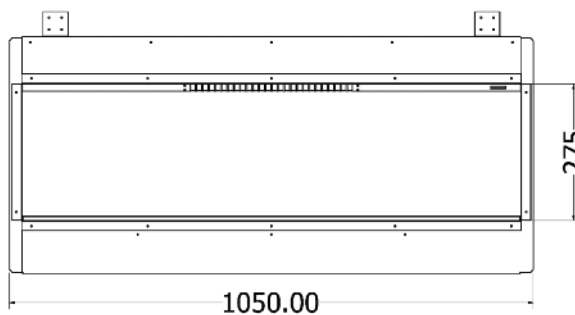

- 1000mm **evo|flame®** effect
- 1 & 2kW heat outputs
- remote control with dimmer function
- continental ceramic log set
- feature glass front

e1000s

- 1000mm **evoflame®** effect
- 1 & 2kW heat outputs
- remote control with dimmer function
- continental ceramic log set

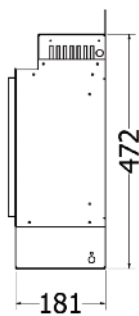

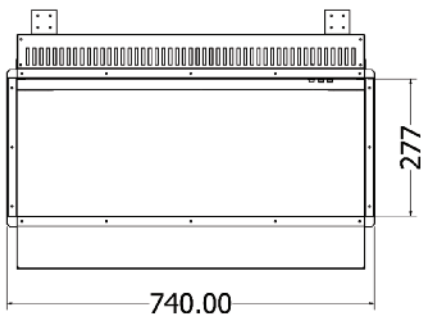

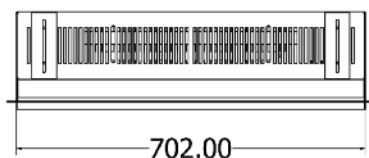

e700s

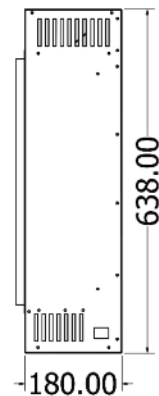

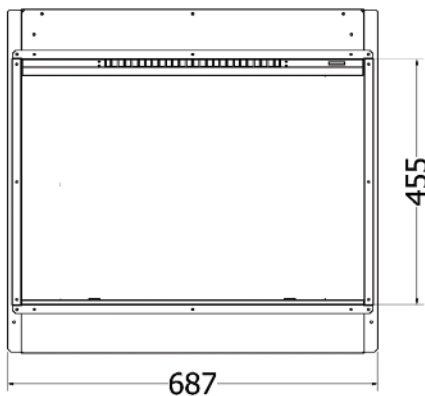

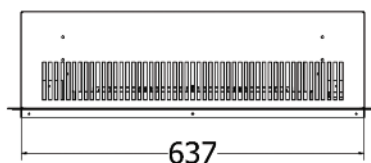

- 700mm **evoflame®** effect
- 1 & 2kW heat outputs
- remote control with dimmer function
- continental ceramic log set

e600s

- 600mm **evoflame®** effect
- 1 & 2kW heat outputs
- remote control with dimmer function
- continental ceramic log set

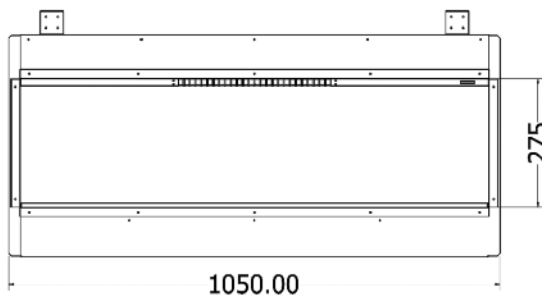

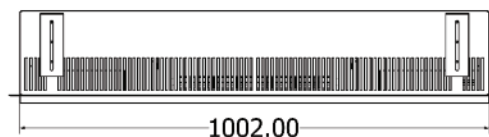

e600s

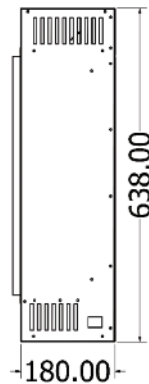

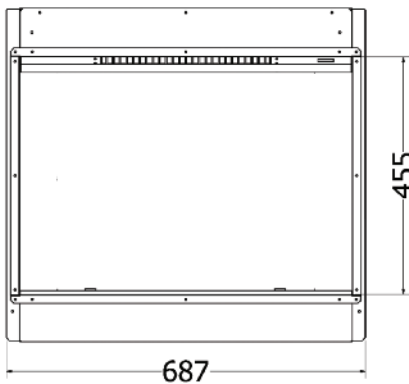

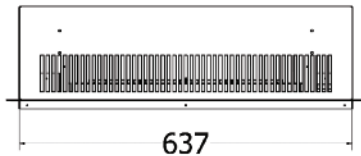

e1000gf

- 1000mm evoflame® effect
- 1 & 2kW heat outputs
- remote control with dimmer function
- continental ceramic log set
- feature glass front

e600gf

- 600mm **evoflame®** effect
- 1 & 2kW heat outputs
- remote control with dimmer function
- continental ceramic log set
- feature glass front
- shown with optional polished chrome frame
